Basic knowledge: Animals

Topic: Pets

Curriculum link: English language / Surrounding world

Educational tasks:

• Creating pet models.

Tasks:

1. The teacher distributes the instruction cards and the construction material between the different teams.

2. Each team examines their card and presents to the others the animal they will construct.

3. Teams construct pet models.

4. The teacher sets the task to group the ready-made models, as the animals from the same family gather in one place.

5. The children explain what kind of families they got.

Resources for each team:

• One plate with size 12x6.

• One of the instruction cards with № 1, 2, 3, 4, 5, 6, 7, 8, 9, 10 with the respective construction material.
